Logo Usage

The Nova Studios wordmark is a typographic lockup rendered in the site navbar (css/navbar.css). SVG exports are included in the media kit under /logos/.

- Use approved SVG variants only; do not recreate the mark in another typeface.
- Keep NOVA in white or primary navy; STUDIOS in accent gold unless using monochrome.
- Maintain clear space equal to the cap height of the letter O on all sides.
- Minimum width: 120px digital / 1 inch print.
- Do not add drop shadows, outlines, gradients, or animation to the mark.

The image shows the 'NOVA STUDIOS' wordmark on a dark navy blue background. 'NOVA' is in white, all-caps, serif font. 'STUDIOS' is in a gold-colored, all-caps, serif font. There is a significant gap between the two words, approximately equal to the height of the letter 'O' in 'NOVA'.

Brand Application

Primary navy anchors headers, footers, and hero sections. Accent gold highlights calls to action, ratings, and the STUDIOS portion of the wordmark. Secondary blue is reserved for links and interactive focus states.
